Mission Statements Chapter

“EAA Chapter 113’s major focus is on the relationships with people who have diverse aviation interests, centered around their love of flight, fellowship, learning and fun. Chapter members have a passion for flying and are willing to share it with others. Chapter 113 provides the opportunity for exchange of information as well as the interaction that leads to friendships that last a lifetime.”

Board

“The Board of Directors are to provide both advice and assistance to the chapter officers on an ongoing basis.

President’s Podium

Dave Buck (734) 453-5375

October 07 Newsletter Article

Next month on the first Friday of November the chapter is again starting *Friday Night at The Movies*. Movies start at 7:30, popcorn and refreshments are available. Bring a friend and enjoy an old or new aviation movie. Movies will continue through the winter months on every first Friday.

The Texas Hold’Em Tournament is on October 20th and is approaching rapidly. This is one of our fundraisers and the more players we have, the more successful it is. We need YOU to recruit at least one player for the tournament, ask your friends, neighbors, family, and co-workers. Remember it takes funds to support Chapter projects.

Elections are coming up in November. If you are interested in running for an office, or becoming a member of the board of directors contact Al Bosonetto. There are some Board positions opening up. This is your opportunity to join the fun and keep this a successful chapter.

We will be having space available for rent in the hanger, if you are interested in getting your name on the waiting list contact Al Bosonetto.

A recent discovery from *EAA’s Learn to Fly Newsletter*: Much has been written about the 12 seconds on December 17, 1903, that forever changed the world. At the windswept sand dunes of Kitty Hawk, North Carolina, a little known conversation took place between two brothers, Orville and Wilbur Wright, when their *Flyer* landed for

the first time. The passage was believed lost in time, until today. Aviation archeologists recently unearthed the lost dialogue between the brothers. It has been transcribed from scribbled, handwritten notes and preserved for future generations. Here, for the very first time, is the historic conversation between the two intrepid aviators:

“So, Orville, what did it fly like?”

**“Well, that’s a foolish question, Wilbur;
it flew like a Cub, of course!”**

Dave Buck

Calendar of Events

Saturday Morning Breakfast

Every Saturday 8:30am at the Coney Island on Lilley Rd.
across the street from Mettetal airport.

CHAPTER 113 MEETING MINUTES

CHAPTER 113 MEETING MINUTES

Meeting Date: September 20, 2007

Meeting Time: 7:30 PM

Number of Members Present: 28

Number of

Guests: 2

A hotdog cookout was held an hour before this meeting, followed by an ice-cream social.

President Dave announced that Barbara Cook has accepted the position of Chapter Librarian. Dave thanked Barbara for all the hard work she has already done in cataloging the many books, which have been donated. Barbara has found many duplicate copies, and due to lack of space, found it necessary dispose of the extra copies. She has placed them on a table for members to take, and will donate those not taken to the Yankee Air Force or other organizations who may be interested.

Al Bosonetto reminded the Membership of the upcoming elections in November and encouraged nominations to be submitted.

Rick Titsworth gave an update on plans for the October 20th Poker Tournament. Setup will be done on Saturday, the day of the tournament, after breakfast. There will be two training sessions for dealer/chaperones, the first will be two weeks before the event, and the

second will be one week before. A sign-up sheet was put on the bulletin board for volunteer workers in all categories.

Dave James clarified the authorship of the recent article regarding our Chapter in "Sport Aviation". He said that although his name was on the article, the actual writing was done by many chapter members. He assembled the various parts and sent them in. This was mentioned by the magazine editor, but Dave just wanted to make it clear.

Dave James reported the annual Young Astronauts Young Eagles event will take place on November 17, 2007. There will be classes in addition to the flights and he asked for volunteers to be instructors or assist in escorting the students to the flights. A chili cook-off will complement the occasion, as usual.

President Dave reminded the Chapter that there might be two spots available for rent in our main hangar in the near future.

Guest Speaker:

Names: Dave Buck and Rick Titsworth

Topic: Recent Chapter Leader's Forum at Oshkosh

Dave and Rick reported on the Leaders Forum, which they attended. Chapter leaders from all over the country plus all the National EAA execs attended. There was a dinner on Friday night and an all-day Saturday workshop at the Air Academy building. On Saturday evening the attendees were given a special conducted tour of the EAA Museum by Adam Smith, the Museum Director.

Recorded By:

R.C. Wagner, Secretary

THANK YOU. THANK YOU. FROM THE PAULSON LIBRARY

Members Lorraine Griffen, Debbie Forsman, Doreen Bosonetto and Tacaco Shibata have put in several hours labeling and shelving our books. We are getting more and more books off the floor and on the shelves. I am delighted with the progress we have made in the last 2 weeks. Thanks also to those who gave us donations in exchange for some of our extra copies.

We still have some un-claimed second copies of large pictorial books available.

The Library is usually open on Tuesday afternoons, Saturday mornings, and sometimes Thursday afternoons. Come in to see what we've got.

Aviation Dictionary

Contributed by Bob Smeaton

MINI MAG LITE: Device designed to support the AA battery industry

NANOSECOND: Time delay between the Low Fuel Warning light and the onset of carburetor icing.

PARACHUTES: The two chutes in a Stearman

PARASITIC DRAG: A pilot who bums a ride and complains about the service.

RANGE: Usually about 3 miles short of the destination.

RICH MIXTURE: What you order at another pilot's promotion party.

ROGER: Used when you're not sure what else to say.

SECTIONAL CHART: Any chart that ends 25 NM short of your destination.

SERVICE CEILING: Altitude at which cabin crew can serve drinks.

SPOILERS: FAA Inspectors.

STALL: Technique used to explain to the bank why your car payment is late.

STEEP BANKS: Banks that charge pilots more than 10% interest.

TURN & BANK INDICATOR: An instrument largely ignored by pilots.

USEFUL LOAD: Volumetric capacity of the aircraft, disregarding weight.

VOR: Radio navigation aid, named after the VORtex effect on pilots trying to home in on it.

WAC CHART: Directions to the Army female barracks.
